

To login to Edrolo follow these simple steps.

- **Step 1: ACTIVATE**

- To activate an Edrolo account follow the prompts at

[www.edrolo.com.au/activate/fpj-nga](http://www.edrolo.com.au/activate/fpj-nga).

This is the crucial first step – students can only study and teachers can only assign work once logged in.

Anyone having trouble? Try these tips:

- If you had an account last year, you don't need to activate it again.
- Head straight to **[edrolo.com.au](http://edrolo.com.au)** and click "Login" at the top right. You can also [reset your password](#) if needed.
- If you've made your way to the activation page but don't know your 6 digit code, check your activation link listed above– it's the last 6 digits.
- If you are a new enrolment see Mrs Parrott or Mrs Kadarusman for assistance to have your email synced with Edrol.

- **Step 2: ACTION**

- **Ask your teacher to watch the [Teacher Training video](#)** for an easy 'How To guide', if you are unsure what to do.
